## CORRECTION.

By a very vexatious mistake the totals in our figures on the state canvass, in yesterday's issue, read very wrong—about as wrong as figures could read. The Hawkins' total should have been 89,842, that of Wright's, 60,980, and that of Wilson's, 60,980. Our only excuse was the possession of some democratic arithmetic by the mathematician who added them up.

THIRTY FIVE cents for the DAILY CHRONICLE for two weeks.

CARTER county will give the "carpet-bagger" from 600 to 800 majority.

THAT forgery of an alleged Garfield letter will prove a dangerous boom-rang.

GRAINGER county will wheel into the Pettibone line with 200 or 300 majority.

NOW NAIL it to the front of your house. Hawkins will be the next governor of Tennessee.

THE Wright democrats' efforts to whip in Wilson men partake largely of the desperate.

A VOTE for the republican candidate for the legislature is a vote for United States Senator and republican state officers.

THE tide is evidently Pettibone-ward up in the first district. Wonder what they will say of Mr. Maxwell's conversion.

OUR friends in the first district should remember that they may decide the political complexion of the house of representatives.

CONKLING says that Garfield will come to the Harlem river with 100,000 majority and will carry New York by 50,000. Other republicans put Garfield's majority at 45,329.

If you want the election news, subscribe for the DAILY CHRONICLE at once. Eight dollars a year, two dollars for three months, seventy-five cents a month, or twenty cents a week.

DID anyone ever hear anything said against the honesty, intelligence, morality and especially sobriety of any of the republican candidates for the legislature? If so, speak out!

THE CHRONICLE will have all the election news. Price, 35 cents for the next two weeks.

UNION men haven't forgot how glad they were to see these "carpet-baggers" when they came into East Tennessee with muskets on their shoulders in the sixties.

PASS the word to Bob Taylor. He won't make a respectable sized dishcloth next Wednesday. The people of the first district will everlastingly sit down to his small pretensions.

THE eyes of the nation are on the republicans of the first district, and our northern friends won't be disappointed either. Pettibone will be one of the men who will make the next house of representatives republican.

TILDEN virtually gave up New York when he admitted that 25,000 republicans who voted for him are all for Garfield, and that the democratic tide is in the same direction. Now it is in order for some democrat to say that Samny doesn't know anything about politics anyway.

Seventy-five cents will pay for the DAILY CHRONICLE one month. Take it and hear the election news.

THE love of the average democratic organ for the truth is forcible evidence in the groundless falsehood made public for effect in Middle and West Tennessee that the republicans adjourned the Garfield and Arthur club to hear Wilson. How big a lie this is can be seen when the fact that two republican meetings were held in Knoxville that night is known.

## DESERTING THE SINKING SHIP.

Hon. William Henry Maxwell, a Life-Long Democrat, of Jonesboro,

One of the Foremost Lawyers in East Tennessee,

And of One of the Best Families in the State,

Declares for Garfield and Arthur and the Republican Ticket.

He Makes an Able Speech Explaining His Reasons,

Which Will Tell in the Results of Next Tuesday.

Special Dispatch to the Chronicle.

JONESBORO, TENN., Oct. 26.—Hon. Wm. Henry Maxwell, of this place, a life-long democrat, made a speech to-night before the Garfield and Arthur club announcing that the grand old democratic party of which he was proud before the war, had gone extinct to-day. He portrayed the sectional party of the solid south called the democratic party, and showed that its history since the war and especially since 1876, justified the people of the north in appealing to the patriotism of the country to prevent the solid south from getting control of the government.

His speech was replete with reasons for the fact that in him and met the hearty approbation of the large audience who were present. We congratulate the republican party on the accession of Mr. Maxwell to its ranks. He is one of the finest lawyers at the bar here and has a large family connection, most of whom are democrats. By Tuesday next we anticipate that the effect of Mr. Maxwell's speech will be felt in the democratic party here, and they will feel, in this district next Tuesday night, like a celebrated king of old when he saw the band writing on the wall.

## POLITICAL.

NEW YORK, Oct. 24.—The third congressional district republicans of Brooklyn last night nominated S. A. Chittenden.

Yesterday was the last day of registration, and the total number registered was 29,077. Total number in four days, 216,974; in 1876, 163,064.

PORTLAND, ME., Oct. 25.—Benjamin Bunker has addressed a letter to the chairman of the greenback committee, resigning his nomination of elector in favor of George W. Wooster, one of the straight greenback electors. Bunker having declined for Hancock, his resignation was necessary to give the greenbackers a full proportion of the electoral ticket.

CHICAGO, Oct. 25.—Judge Cody, democratic candidate for congress in the first district (south side) has withdrawn, and John Mattock has been placed in nomination in his stead.

NEW YORK, Oct. 25.—Gov. Jewell to-day received a letter from Gen. Garfield disavowing what he called the brutal sentiments expressed in the Chinese letter and pronouncing it a forgery. The letter will probably be given to the press to-night.

## TROUBLE IN LOUISIANA.

NEW ORLEANS, Oct. 25.—This afternoon's Picayune says: The fight between the state and United States officials upon the registration question is assuming very grave proportions, and a severe conflict may be expected at any moment. Arrests have already been made of parties registering within days prior to the election, as specified in the law for the revision of lists. At noon to-day Charles Kavanagh, supervisor of registration, informed Col. Wm. Roy, chief of supervisors, that he would resist further arrests with all the power of the state. Deputy United States marshals have received instructions to caution every person attempting to register not to do so, under pain of arrest, when, if the warning is unheeded, arrest will be made. Registration is going on briskly at the registration office, even negroes are taking advantage of the few days yet remaining.

## GEORGIA REVENUE MATTERS.

WASHINGTON, Oct. 25.—The commissioner of internal revenue has received a telegram from Collector Edward C. Wade, at Savannah, Ga., stating that Deputy R. W. Taylor yesterday morning at sunrise captured, in Elbert county, the illicit distillery of the notorious Wash. Farham, and destroyed forty gallons of whisky and several thousand gallons of mash and beer. Farham was arrested.

## INCENDIARISM.

MANCHESTER IN FLAMES.

NEW YORK, Oct. 25.—A London special says: The postoffice at Manchester is in flames and will be destroyed. All telegraphic communication with London now, 12:15, suspended. Great alarm is felt here as there are plain indications that the fire was set by incendiaries and it is believed by many persons that this indicates the intention to organize a disturbance in England in aid of the land league in Ireland and to form the cordon found in Dalcigno, to prevent Albanian invasion. A later dispatch says: In obedience to the porters' orders to Riza Pasha to surrender Dalcigno in five days, the Ottoman commissioner has withdrawn several conditions to which Montenegro objected; notably, those relating to the retention of the Turkish flag on coasting vessels and the maintenance of Turkish laws in the Dalcigno district.

LONDON, Oct. 25.—A fire occurred in the central telegraph office at Manchester: on Sunday and 200 wires conveying there were melted, and the whole system of telegraph wires terminating in Manchester was destroyed. Communication with Manchester by telegraph can not be completely restored for some days.

## FIRES.

NEW YORK, Oct. 25.—The piano manufactory of Ernest Gobler, Nos. 220 to 224 west 22nd street, was completely destroyed by fire this afternoon. Loss, about \$80,000. 125 men are thrown out of employment.

CHICAGO, Oct. 24.—A livery stable at Quincy, Ill., was burned yesterday with a large number of hacks, carriages and forty two horses, including the stallion Amboy, owned by Wash. Corbin, valued at \$10,000. The total loss is \$27,000.

## TAYLOR AND MARTIN.

Electors at Large. Address the Citizens of Cleveland.

Mr. Taylor in His Happiest Effort, Gives Great Satisfaction.

Martin Called to Nashville and the Canvass Closed.

Special Dispatch to the Chronicle.

CLEVELAND, TENN., Oct. 26.—Hon. A. A. Taylor and Hon. A. B. Martin, electors on the republican and democratic tickets, spoke here to-day to a very good crowd. Mr. Martin opened and spoke an hour, presenting his side of the question in a mild form. Mr. Taylor followed, making one of the happiest efforts of his life. He had the crowd as has never been done in Cleveland. He fairly made them happy with his eloquence in presenting the loving issues of the day. His speech is pronounced by democrats as well as republicans as the best that has been delivered here in years.

Col. Taylor has borne our banner triumphantly over the state, and goes home with the warmest gratitude of the republican party. Mr. Martin received a telegram from the democratic committee to-day, ordering him to Nashville; consequently, the canvass closed, and the other appointments will not be filled.

They proved to be the very thing I needed. I am under last obligations to you for the blessing you have conferred on me and mankind generally."

## HOLSTON CONFERENCE.

Of the Methodist Episcopal Church, in Session at Greenville.

FOURTH DAY.

GREENEVILLE, Oct. 23.

Conference assembled at 8 1/2 a. m., Bishop Haven in the chair. Devotional exercises were conducted by Rev. C. B. Sparrow.

After the reading of the minutes, the regular business of the conference was resumed. Rev. J. A. O. Clark, D. D., of the M. E. church, south, was introduced to the conference. Dr. Clark, as agent of the Savannah Memorial church, in an earnest speech presented the claims of the "Weasle Memorial Volume," a book of importance and of rare value to Methodists, the proceeds of the sale of which are to be appropriated to the benefit of the Memorial church. The Doctor is a forcible speaker, and one of the most catholic spirited men in the church south. We learn that quite a number of the members of the conference subscribed for the book.

Rev. Mr. Bulger, of the United Brethren church, was introduced to the conference.

The question relating to the ordination of local elders was taken up and six were recommended.

On motion the consideration of the division of the subject, the conference, by a unanimous vote of both white and colored members, was divided. By this vote the colored members are organized into a new conference, to be known as the East Tennessee conference. The following is the full text of the resolution of division:

Resolved, by the Holston conference of the M. E. church, south, assembled, that it is the sense of this body that the highest and best interest of both will be more speedily and more certainly secured and promoted by separate conference organization.

Resolved, that the colored portion of our work be, with the concurrence of the presiding bishop, hereby constituted a separate and distinct body, under the name of the East Tennessee annual conference of the M. E. church.

Resolved, that as an indication of our interest in the new conference, and that we may do all that is possible for its success, we, the members of this conference, do hereby set aside for the support of the work of the East Tennessee Conference.

The committee on temperance read their report, which was unanimously adopted. The report is a ringing document, recommending the passage by the next legislature of a local option law. This conference is very emphatic on the temperance question.

The committee on Sunday schools presented their report, which was adopted, pledging to use greater earnestness in the work, etc.

The financial report of money collected for the Sunday school union and tract cause was read. The report shows a fine advance over last year.

The committee on education read their report. It is a clear document, setting forth the condition and work of the various institutions of learning under our patronage. Our university at Athens is in a flourishing condition, and the various conference seminaries show a fine increase in numbers of students.

The following was unanimously adopted:

"Whereas, There has been a strong effort on the part of the many citizens of the citizens of Tennessee to establish a 'state reform school' for homeless youths; therefore,

Resolved, that we, the members of the Holston conference, do hereby sympathize with the enterprise and will do all we can to aid it."

The committee on Freedman's Aid society read their report, which was adopted.

Conference adjourned to meet at 2 p. m. Benediction by Dr. Clark.

## AFTERNOON SESSION.

Conference met, Dr. Taylor in the chair. Devotional exercises were conducted by Rev. B. Crist.

The minutes were read and approved.

The committee on church literature presented their report, which was adopted. Dr. E. Q. Fuller, editor of the Methodist Advocate, was adopted.

Several reports were presented and adopted.

Conference adjourned to meet at 7 p. m.

## CLOSING SESSION.

GREENEVILLE, Oct. 26.

Saturday night session of the conference was held, Bishop Haven in the chair. Devotional exercises were conducted by W. M. Haskell.

Maryville was selected as the place for the next annual session of the conference. The remainder of the evening was spent in hearing and adopting reports, fixing relative of superannuated and supernumerary preachers, and distributing the superannuated preachers' fund. The usual complimentary resolutions were passed.

The pulpit of Greenville were filled by members and visitors of the conference.

Bishop Haven preached in the M. E. church at 10 1/2 a. m. A sermon of rare merit and excellence from 2 Cor. xiii. 2 ch., 13 verse after which the deacons were ordained at 3 p. m. Dr. Clark, of the M. E. church, south, preached a fine sermon. At 6:30 p. m. Dr. Clark preached an elegant sermon. The people were generally delighted with all of the sermons in the various churches. After the sermon at night, the appointments were read, and conference adjourned sine die.

Rushing Through the Courts.

On the 19th of January last Daniel Girdner killed Thor. Evins in Greene county, both being drunk and engaged in a scuffle over a gun. Evins lived ten days after the shot. In February, after Girdner was tried in the circuit court, convicted of voluntary manslaughter and sentenced to six years in the penitentiary. An appeal was taken to the supreme court at this session, and the case was reversed and sent back. Last week the new trial was had at Greenville. Girdner was convicted again, this time for involuntary manslaughter and sentenced to 3 years. Another appeal was taken, and yesterday the prisoner was again brought down by Sheriff Frazier to have a second hearing at the same term of supreme court. The prisoner has been defended by Messrs. Robinson & Maloney, of Greenville.

## Willful and Malicious Misrepresentation.

There seems to have been a preconceived understanding and action on the part of our two morning contemporaries down the way in their Sunday's issues, to bungle up a willful and malicious misrepresentation of facts with regard to the speaking Saturday night by Edwards and Wilson, ground-back and low tax democratic candidates for governor. Their statement and attempted representation that it was only republicans who attended the speaking and cheered the speakers, is widely at variance with the facts, as any fair-minded and honorable democrat who was there will bear out. Mr. Wilson did apparently have some supporters there who cheered him, but they are democrats, and we defy either paper to prove to the contrary. It is true the greater part of the crowd made up of adherents to all parties, no doubt went simply out of curiosity, but it is a fact that can not be denied that many democrats attempted to disturb and annoy both speakers by hollering, running out, etc., and failed to show them the respect due any citizen in a country of free speech and free thought.

The statement that both the republican meetings adjourned to attend the speaking is basely false in every particular. The rolling mill tariff meeting, which was announced for 6:30 o'clock, was held and the programme carried out, as was published in our columns. So was also the "Town-Path" club meeting held according to appointment at republican headquarters and the objects accomplished, as we also published. After they were over some of the parties attending them no doubt went to hear Mr. Wilson, and they certainly had a right to do so in a free country, as much right at least as our democratic friends.

Now, if the engineers of these sheets above referred to would occasionally exercise a small degree of enterprise, and make a reasonable attempt to get up the facts about such things, instead of sitting in their office and writing them up from imagination, they might gain some credit of a reputation for truthfulness and fair dealing. It seems, however, to suit their purpose better, especially in such cases as this, to substitute a system of willful and malicious misrepresentation for the facts. If they think they can accomplish anything by such tactics, let them continue to pursue them; we can stand it if they can.

## Testimonial.

We, the undersigned students, having entered the Knoxville Business College during the past month, take this means of expressing our extreme gratification at the progress we are making in our studies.

We find the instruction given exceedingly thorough, practical and comprehensive, and the Professors gentlemen of undoubted ability and capacity for the several positions they occupy. They are uniformly obliging and anxious to promote the best interests of all under their charge; and have a happy faculty for imparting the same complete knowledge of what is required in business as it is evident they, themselves, possess in a very extraordinary degree.

Judging from our intercourse with the graduates of other colleges, we are fully satisfied that any young man who goes through the complete Business Course here, will be as thoroughly prepared for any position in commercial life as it is possible for him to become at any institution in the world.

We have no doubt but that as soon as the general public become aware of the merits of this College, it will have such a patronage and support as is possessed by no similar institution in all the Southern States.

We hope to see all the rooms filled to overflowing during the coming winter, and they certainly will be, if our people are alive to their own best interests. JAS. CUMMINGS, A. B. BAUMANN, E. ## A Tilt Robbed.

The cash drawer in the office at the tannery of the Knoxville Leather company was robbed yesterday morning, while Mr. Scott was out, of something like \$6 in silver change. The drawer was, perhaps, left unlocked through mistake and some one entered the office and gutted it. Charles Russell, colored, a porter at James O'Connor & Co.'s, was at the tannery on business during the absence of Mr. Scott. Suspicion at once rested on him when the theft was discovered. He was arrested and a search made for money. In the possession of his wife was found a nickel with a hole punched in the center which (or one very much like it) two or three parties had seen in the drawer. Russell was bound over to criminal court on a bond of \$500.

"OH HOW MY BACK ACHES!" How often we hear it said. Well may the victim complain, for the kidneys are suffering; and when that is the case there is always danger, great danger. Kidney diseases, if let run, too often end fatally. There is, however, a sure remedy. HUNT'S REMEDY is a medicine that does not fail to cure Kidney, Bladder, Liver and Urinary Complaints. Even Bright's Disease, the terror of physicians, is cured by HUNT'S REMEDY, the Great Kidney and Liver Medicine. Try it, and cure your backache before it terminates in something worse.

## Charles McClung Acquitted.

It will be remembered by our readers that a few weeks since Charles McClung, son of our townsman, H. L. McClung, shot and killed a man in a billiard hall in Abbeville, S. C. Mr. H. L. McClung, Jr., went, a few days since, to attend the trial and assist in the defense of his brother. Yesterday Col. McClung received a telegram from his son H. L., at Abbeville, in the following language: "Verdict of no guilty. Charles and I are coming in a few days."

The many Knoxville friends of Charles and the family will be glad to learn of his acquittal.
